

Elizabethtown Christian Academy  
Scope and Sequence by Grade

## **Kindergarten**

**Bible Curriculum:** *Discipleland: Disciples for Life*

Students will move through the Old and New Testament, studying prominent characters and the examples they set for our Christian walk in life.

**Health Curriculum:** *Studies Weekly & Other Resources*

The scope and sequence for health allows students to examine the body systems and how they work; how to identify healthy decisions; how to avoid health risks

**Language Arts Curriculum:** Wilson's *Foundations & Other Resources*

In grades K-2, explicit phonics and fluency instruction through Foundations™ is a part of every reading and writing time.

Segment words in an oral sentence

Segment words into syllables

Segment syllables into sounds (phonemes)

Write manuscript letters in upper and lower case

*Writing Workshop*- a yearlong writing curriculum for kindergarten

Being a Writer

Telling My Stories

Writing Books with a Pattern

How-to Books

Persuasive & Opinion Writing

Fiction & Fairy Tale Writing

**Math Curriculum:** *Saxon Math*

The scope and sequence for math in K-3 provides an opportunity to examine the mathematical content and development under nine major topics:

- Number Sense and Numeration
- Measurement
- Geometry
- Patterns, Algebra, and Functions
- Statistics, Data Analysis, and Probability
- Problem Solving
- Communication
- Mathematical Reasoning
- Connections

Because mathematical basics are continuously reviewed throughout the entire Saxon program, it is impossible to describe here the entire scope and sequence of the program. A detailed list is available on the [Saxon website](#).

**Science Curriculum:** *Studies Weekly*, Other Resources, and STEAM lab

The scope and sequence for science provides coverage in three major areas:

Earth-Space Science (science tools, safety, Earth, water, weather, day/night, sun)

Life Science (life, plants, animals, people, being healthy, habitats, technology)

Physical Science (matter, energy, magnets, gravity, models)

**Social Studies:** *Studies Weekly* & Other Resources

The scope and sequence for social studies examines information which allows students to understand the concept of citizenship:

- |                  |                           |
|------------------|---------------------------|
| • Location       | Good Citizens             |
| • Rules          | Maps & Globes             |
| • Responsibility | Cardinal Directions       |
| • Time           | Holidays                  |
| • History        | Presidents & Patriots     |
| • Where We Live  | American Monuments        |
| • Timelines      | American Symbols          |
| • Needs & Wants  | Rights & Responsibilities |
| • Jobs People Do | Consumers & Producers     |

All core skills are supported through art, physical education, music, Spanish, and technology. The appreciation of literature is supported through visits to the ECA library and the public library book mobile.
